RETREAT OF FILIPINOS.

They Burn the City of San Fernando and Flee From Yankees.

VALUABLE SUPPLIES TAKEN.

The Fighting of the American Soldiers Under Lawton Was More Severe Than First Reports From the Front Indicated.

Manilla, May 5.—Major General MacArthur's division advanced to San Fernando and found that the place had been evacuated by the insurgents, who left only a small detachment to cover their retreat by train.

General MacArthur occupied the burning town without loss.

The insurgents south of Manilla attempted to rush through General Owenshine's line during the night. The attempt failed, but the enemy maintained a fusillade of musketry on the Fourth infantry regiment for several hours. The demonstration was ineffectual beyond scaring the inhabitants of Malate. The outposts of the Idaho and California regiments beyond San Pedro Macati were also attacked during the night.

Major General Lawton is still quartered at Balinag.

HARDER FIGHTING

Than Was Indicated by the Earlier Reports From Lawton.

Manilla, May 5.—Detailed reports of the work of Major General Lawton's expedition show that harder fighting took place during the early part of this week than earlier accounts indicated.

In the attack upon San Rafael the American forces were met with heavy fire from a large number of Filipinos, who were concealed in the jungle on all sides. It was only the adoption of the tactics followed in Indian fighting in the United States, every man for himself, that saved the division from great loss. General Lawton was at the head of his line. Scott's battery demolished a stone fronted trench at short range. The insurgent leaders, Gregorio and Pio del Pilar, who had 800 men in Balinag, retreated when General Lawton approached the town.

Chief of Scouts Young, with eleven men, entered Balinag ahead of the army, and rang the church bells to announce that they had possession of the city.

General Lawton, when attacking the force outside of Balinag saw women and children in the enemy's trenches, and sent Captain Case in advance with a white flag to warn the insurgents to remove the noncombatants. When within 500 yards of the trenches two volleys were fired at Captain Case's party.

Chief of Scouts Young, whose bravery at Balinag was most notable, served as an Indian scout under Major General O. O. Howard in his campaign in the northwest in 1876. The work of Young's scouts was a feature of the expedition. On Wednesday 23 of them encountered a body of 300 Filipinos beyond Balinag and drove them until of the 150 rounds of ammunition the scouts carried they had only 15 rounds left. They were about to retire when Lieutenant Boyd, with a troop of the Fourth cavalry, came up with them and chased the enemy into San Miguel.

There are 2,000 Spanish prisoners in the hands of the Filipinos at San Miguel. They are served with 5 cents worth of rice daily, and are compelled to work hard on the insurgent defences. Several hundred of the Filipino wounded are at San Miguel.

Report From Otis.

Washington, May 5.—The war department has received the following from General Otis at Manilla: "Following casualties at San Tomas Friday: An officer, Lieutenant McTaggart, Twentieth Kansas; and four enlisted men killed; 22 enlisted men wounded. Among wounded General Funston, hand, slight. Lawton reports capture of over 150,000 bushels of rice and 625 tons of sugar at Raluag. Value of the subsistence captured at Malolos \$1,500,000. Large captures of rice and corn belonging to the enemy at other points. Insurgents destroyed by fire the town of San Tomas and later fired city of San Fernando."

About the Dead Officer.

Cofeyville, Kan., May 5.—Second Lieutenant W. A. McTaggart of company 3, Twentieth Kansas, killed in the Philippines, was a son of the late State Senator Daniel M. McTaggart. Prior to his enlistment he was a principal in the Coffeyville schools.

New York, May 5.—The board of bishops of the Methodist Episcopal church has elected Rev. James M. King, corresponding secretary of the board of the Church Extension society of the Methodist Episcopal church, to fill the unexpired term of the late Dr. Alpha J. Kynett.

McILVAIN & Humphreys are moving into their new quarters in the Parker building.

Mrs. JOHN WHEELER will shortly remove to Williamstown, O., and engage in business.

REGULAR service to-morrow at M. E. Church, South. After preaching, reception of new members.

The members of the Second and Fourth regiments and also of the G. A. R. will meet Monday at 2:30 at G. A. R. hall.

THE handsome residence of Mrs. Ger. T. Wood on Forest avenue will be offered at public auction May 12th, at 3 p. m. For further particulars see advertisement.

CHURCH OF THE NATIVITY.—At 10:30 to-morrow morning prayer, sermon and holy communion. At 4 evening prayer, sermon and confirmation. The Bishop of Lexington will preach at both services.

FOR SALE.—Very desirable lots on West Third street. Will build houses to suit purchasers and put them in building association. A chance to secure a desirable home cheap. Address Box 231, Maysville, Ky.

In the suit to settle the estate of the late Will C. Miner, the fine business house at northeast corner of Second and Sutton streets and a residence in the "Brick Row" on West Second will be sold at public auction Monday, May 15th, at 2 p. m., by Master Commissioner Kehoe.

REV. F. M. TINDER, formerly of Mayslick, has been invited to dedicate the new Christian Church at New Richmond some time in June. He has also been invited to preach the baccalaureate sermon and address the graduates of the Hazel Green College on June 7th, but can not do so on account of previous engagements.

REV. DR. CONDIT will celebrate his thirty-third anniversary as pastor of the Ashland Presbyterian Church the third Sunday in May. "There are very few ministers that have occupied the same pulpit for thirty-three years, and there are few ministers as much loved by their congregation as Dr. Condit," says the Tri-State Independent.

JORDAN REDMOND for killing 'Lige Tyler, at Carlisle, was tried this week in the Nicholas Circuit Court and given five years in the penitentiary. Both parties colored. Tyler followed Redmond into his home, and the latter after warning him to get out shot him. Redmond came to Maysville on an excursion train last summer and while out buggy riding with a woman of this city was attacked by another woman who had come down with him.

DOVER NEWS: "It is not generally known that a prominent young man of Dover was challenged to mortal combat by a young man from Maysville, and that the time was set for last Sunday and the place South Ripley. That the Dover party was on hand with his seconds and friends, but the Maysville young man failed to show up. The sweethearts of the prospective combatants were on hand to see the gore redden the clay—for bare fists were to have been the weapons. They may yet meet."

Mrs. EMMA WHITE, nee Ray, of this county, was married recently at Fairbury, Neb., to Mr. Henry Ward, of that place. The groom is a wealthy citizen of Jefferson Co., Neb., and is seventy-eight years of age. While visiting relatives in the Mayslick and Helena vicinity this spring he met Mrs. White, who was a charming widow, aged about forty, and the recent marriage was the result of that meeting. The bride is a daughter of Mr. Joseph Ray. This was the groom's second marriage. He has four children, all of whom are married, and are well fixed financially.

The Blue Grass Blade's Editor Given a Warning.

Attorney-General Griggs' indorsement on the pardon granted C. C. Moore this week was as follows:

"The article which Moore published in his newspaper and circulated through the mails was offensive to the common sense of decency and morality, and pernicious in its doctrine and suggestion. The trial Judge advises that the sentence of two years was too long. I think the prisoner should be made to realize that he cannot, out of intellectual contempt for established institutions regulating marriage and sexual relations, indulge in indecent and demoralizing discussion and use the United States mails to circulate his views. I advise that his sentence be commuted to six months' imprisonment."

CARNEGIE'S INTEREST

In Steel Concerns Bearing His Name Pass Out of His Hands.

PURCHASED BY PARTNERS.

Consolidation of the Great Steel Mills of the Country With a Billion of Capital Expected at an Early Date.

New York, May 5.—A local paper says the entire interest of Andrew Carnegie in the Carnegie Steel company has been purchased by the co-partners in the business, with H. C. Frick at their head.

The exact figures which represent the purchase price could not be learned. It is said, however, the price is over \$150,000,000, and entirely satisfactory to Mr. Carnegie. It is understood that one of the stipulations of the sale is that the new company shall retain the name of the present concern.

The new company includes not only the Carnegie steel plants, but also the H. C. Frick Coke company, with its 40,000 acres of coke land in the Connellsville district; the Oliver Mining company, with its large interest in the Lake Superior district; the Pittsburgh, Bessemer and Lake Erie railroad; the Union railroad, which connects at Homestead with all the trunk lines east and west, and all the interests in several hundred miles of gas land.

It is intended to increase the output of all the various departments of the joint companies so that the present famine in the steel market may be relieved and the continued export demand supplied.

It is said that the members of the new company expect a material increase in the value of their property—some saying that the property will double in value within the next five years. They say that evidences have recently multiplied that there will be an enormous demand for steel in the construction of all kinds of building, and that of necessity the value of their holdings will increase greatly. The Rockefeller interests are closely concerned in the transfer.

Consolidation of Steel Mills.

In the opinion of those who are well informed on the subject the announcement of the consolidation of all or nearly all the big steel mills in the country will be made in a few days. No general consolidation has yet been entered into, but the final terms may be agreed upon any time. If the new general combine is effected, it is the opinion that the Carnegie Steel company will be the backbone of it, and will represent at least \$100,000,000 of its capital.

What other concerns will be included in the combine is yet unknown, but it is now said it is not unlikely to include the National Steel company, with a capital of \$59,000,000, and said to be earning about \$10,000,000 a year; the American Tin Plate company, capital \$50,000,000, with yearly earnings put at from \$5,000,000 to \$7,000,000; the American Steel Hoop company, capital \$33,000,000, with annual earnings in the neighborhood of from \$4,000,000 to \$5,000,000; the American Steel and Wire company, capital \$90,000,000, with earnings of from \$10,000,000 to \$12,000,000 a year, and the National Tin Plate and Enamel company, capitalized at \$20,000,000, and with yearly earnings approximating nearly \$5,000,000.

Rumor also says the Federal Steel company may be induced to enter the combine, but nothing tangible can be gotten out of it.

As for the talk of the Republic Steel company being included in the combination, it is said there is little probability of it, although daily conferences have been held in this city between Mr. Frick, Judge Moore and other parties interested in the proposed combination.

Gates Confirms It.

Chicago, May 5.—John W. Gates, president of the American Steel and Wire company, has returned from New York, where a conference of the steel magnates was held. In an interview, Mr. Gates confirmed the rumor regarding the combination of all the large steel companies in the country. According to him, the headquarters of the new company will be in New York, and the capital stock will be between \$500,000,000 and \$800,000,000, or it might reach \$1,000,000,000. The president of the new company will be H. C. Frick of Pittsburgh, who has been so closely identified with Andrew Carnegie.

New Orleans, May 5.—Parson Davies said that Tom Sharkey, the "man o' war" man, had received an offer for a match with Peter Maher at the Lenox Athletic club, in New York, and that Sharkey had accepted. Sharkey goes east next week.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

COTTAGEVILLE.

Some corn has been planted. Mrs. John McNutt is reported sick. Dr. Winder was in Maysville Saturday. J. D. Tully thinks of building a new house. Miss 'Lou Gillespie, who has been sick, is better.

Rufus Emmons will soon leave for Manchester to stay a while.

Tobacco plants are somewhat backward, but are growing nicely.

Rolla Luman, of the county, visited the family of J. W. Rigen last week.

Rev. Maurice Waller preached at Ebenezer Church last Sunday week.

Mrs. E. C. Henderson and Miss Annabel Hendrickson made a trip to Maysville last week.

Apples and cherries bloomed rather profusely, but a good proportion of it seems to be dropping off.

H. P. Emmons, builder of this place, reports that there is a good deal of building contemplated this season.

There is a good deal of hauling of fertilizer from Springdale to Poplar Flat, Tollesboro and other points tributary to that seaport this spring.

Many railway ties have been passing this place from the mountains east of here en route to Springdale this spring on account of the sharp competition between buyers at that place.

RECTORVILLE.

Our farmers have been shearing their sheep.

Prof. Bradley has been quite sick, but is better again.

Thomas & Hull have been buying some fat hogs lately.

Some Louisville parties will prize tobacco in Bridgeport soon.

The cold weather killed nearly all the grape vines about here.

Robt. Moody is getting out the foundation for his new residence.

A. D. Dickson, of Orangeburg, was in the community buying hogs Thursday.

Miss Bessie Dickson and Stanley Hoffman visited at Flemingsburg the past week.

W. T. Pollitt attended the district conference of the M. E. Church, South, at Sharpsburg.

Wm. Luttrell, our new Turnpike Superintendent, was out inspecting our roads last week.

Will Cooper and wife, of Flemingsburg, were here Thursday visiting their daughter, Mrs. Archie Gardner.

A. Gardner and family will move to Petersburg, Boone County, very soon. Mr. Gardner will engage in business there.

Men's Rally Sunday Afternoon—Balance on Subscriptions Should Be Paid This Month.

A considerable amount of the subscriptions made the association during the year are yet unpaid. These friends will confer a favor on it if they will make payment of their subscription immediately and thereby help us face the demands made upon the association. The fiscal year closes June 1st, and the Board of Directors is desirous of closing the year as nearly free of debt as possible. Will those whose membership expires in April and May kindly renew same without delay?

Men's rally Sunday at 3 p. m. led by Mr. Wm. Wormald. All men welcome.

THE UNREST OF LABOR

No General Strike of Union Men Along the Docks at Buffalo.

GRAIN SHOVELERS' ACTION.

After Hearing the Members of the State Board of Arbitration the Laborers Decide Not to Confer With Them.

Buffalo, May 5.—There was no general strike of union labor along the docks at noon, as was predicted by labor leaders, unless the contractors agreed to the terms of the seceding strikers.

Neither has the contractor acceded to the demands of the men. Another large meeting of shovelers and freight handlers was held, at which President McMahon announced that the "monthly men," at their own request, would continue work for another 24 hours. The request of the men, he said, had been in compliance with the request of the members of the state board of arbitration. They hope to avoid tying up all the traffic of the harbor.

About 1,500 members of the new local, No. 51, grain shovelers, voted unanimously not to confer with the state board of arbitration and Contractor Connors. This action was taken after the members of the board of arbitration had addressed them.

Reached the Shooting Stage.

Buffalo, May 5.—Bartholomew Connor, secretary of the new Local 51, grain shovelers, entered the room of Henry C. Barlock, secretary-treasurer of the International Longshoremen's union, at the Robinson House, and fired a shot at him, missing him, however. Connor escaped.

Situation Unchanged.

Buffalo, May 5.—The situation on the docks is practically unchanged. Two large freighters, the Chicago and the Auburn, have arrived at the Central docks, but there are no men to unload them. About 20 men are working at the Erie docks.

To Make Automobiles.

Chicago, May 5.—The deal by which the Whitney-Elkins-Widener syndicate secures control of the properties of the Seimons-Halske Electric company of America was closed. The immense plant, which is situated in Cicero, was formerly the Grant locomotive works and was operated under the corporate name of the Illinois Electric Vehicle and Transportation company. It will become the western plant of the big automobile syndicate, which controls the Electric Vehicle company of New York and the Electric Storage Battery company of Philadelphia. The western company controlled by the syndicate has been incorporated under the laws of New Jersey, with a capital stock of \$25,000,000. The new company will manufacture all kinds of automobile vehicles, from the transfer wagon to the light running carriage.

Capture of Welburn.

San Francisco, May 5.—Ex-United States Internal Revenue Collector O. M. Welburn, who was accused by the government of failing to account for \$41,000, and fled after being acquitted on one indictment, is now in the county jail. His capture was a genuine surprise to the officials and his former friends. He was out on bonds of \$40,000. He enlisted in the army at Galveston, Tex., on April 22 last under the name of Olan H. Bedell. He was assigned to company I of the "Casuals," and came here on the way to Manila. He was recognized at the International hotel by W. E. Davis, a colored man. The arrest was made at the presidio by United States marshal.

Porto Ricans Enlisted.

Washington, May 5.—Reports received at the war department show that General Henry, at San Juan, is making a fair progress in the plan for enlistment of Porto Ricans in the United States army for service in their native country. In order to give all sections of the island an equal representation it was decided to recruit only 25 native soldiers at any one place. The town of Tares has already supplied its quota of men and Acatjutla all but two or three.

Makers of Fence Wire.

Chicago, May 5.—Makers of steel fence wire who are outside the trust are meeting in Chicago for the purpose of forming a combination and erecting a plant at some point within the Indiana gas belt. The companies number 14, and have been compelled to get together in order to compete successfully with the steel and wire trust.

Gibraltar, May 5.—The United States cruiser Chicago arrived here. Salutes were exchanged with the British squadron in the straits.

INDICATIONS—Showers Saturday and probably Sunday; easterly winds.

It is now rumored that the Bradley Republicans will pit Hon. John W. Yerkes, of Danville, against Attorney General Taylor, the Hunterite, in the race for Governor. And then the fur will fly.

According to Dr. H. W. Wiley, chief chemist of the United States Department of Agriculture, fully 90 per cent. of the articles of food and drink manufactured and used in this country are frauds. This is a sad commentary on the civilization of the nineteenth century. Evidently more stringent laws are needed.

THE Times-Star wants the President to at once call out the volunteers, and thinks this would be "a more stunning blow to Aguinaldo than the most heroic deeds of our victorious troops on the actual field." Well, Aguinaldo is somewhat of a "bluffer" himself. We begin to fear the Times-Star does not value the heroic deeds of our victorious army at their proper estimate.

They have a law out in Missouri that will knock out the trusts in short order if it is only enforced. The act declares that such combines are unlawful and provides that:

Any purchaser of any article or commodity from any individual, company or corporation transacting business contrary to the preceding sections of this act shall not be liable for the price of payment of such articles or commodity, and may plead this act as a defense to any suit for such price or payment.

The Missouri courts, in a decision this week, uphold the law, and refuse to give the White Lead trust judgment for a big account it was seeking to recover.

THE BULLETIN has repeatedly expressed a desire to see the vexed turnpike problem, that has already made such inroads upon the county revenues, settled promptly and in such a manner as will satisfy a growing public sentiment in favor of a more careful management of the county finances; and if it is possible to devise any legal method of adjusting these differences between the companies and the people the interests of all parties demand that the settlement be made. Mason County is wealthy and prosperous and there should be no dicker in about a small difference, if by a prompt settlement a certain reduction in expenditures in the near future is assured. There is but one point in the matter and that is to get a speedy and satisfactory settlement in the interest of the people themselves. County and State authorities are settling and have settled, elsewhere, and it is to be hoped that technical objections or quibbles in adjustment will not prevent a satisfactory settlement here.

St. Louis, May 5.—A little woman, dressed in a bicycle suit of army blue and giving her name as Ernie Bloss, called at police headquarters and searched the rogues' gallery for the picture of Ulysses Russell Mayne, who, she says, married her at Fort Worth, a year ago. She followed him all the way from Odessa, Tex., on her bike, and intimates that she will shoot him on sight. The woman says she believes Mayne has another wife at Quincy, Ills.

We the dairymen of Maysville and vicinity hereby agree among ourselves not to run our milk wagons or deliver milk on Sunday afternoons. This agreement to be void unless all dairymen who deliver milk from wagons sign and agree to this writing. We have been requested by several citizens of Maysville, Ky., to adopt this plan and hope our patrons may assist us in doing so and not be inconvenienced. This writing to be effective soon as all the parties sign it.

Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

IN BAD CONDITION.

Superintendent William Luttrell Finds the Free Pike in Eastern District Greatly in Need of Repairs.

Mr. William Luttrell, Superintendent of free pikes in the Eastern district of the county, has been busy since his election, inspecting the roads, bridges and culverts and here is what he reports to the Advisory Board:

Hon. W. H. Rice, Chairman, and Gentlemen of Advisory Board: Your Superintendent for the East district of Mason County respectfully submits the following report on roads assigned to his division:

There are 103½ miles of free pike in the district, omitting the Maysville and Mt. Sterling, Maysville and Lexington and Springdale switch, the latter a toll road 1½ mile. Of the 103½ miles there are approximately 8 miles on which repairs will not necessarily be required this year, 13 miles can be carried over with moderate repairs, 53 miles extensive and 27 miles equivalent to making over. On these roads your Superintendent has inspected and numbered 141 open wood bridges, 7 covered, 12 iron; also 409 culverts constructed of stone and 55 tile drains. Of the 141 open bridges, 81 are in a condition of normal repair, 37 in need of moderate, 13 heavy and 10 condemned unsafe for travel. Six of the latter are spans ranging from 25 feet to 60 feet as follows: Two on Cabin Creek switch, one at Jenkins farm 27 feet, one below Hook's store 28 feet, two on Maysville and Mt. Carmel road, one at Jack Mason's farm 25 feet, one at Orangeburg 27 feet, one on Stone Lick road 60 feet, one crossing Mill Creek on Wedonia and Mt. Gilead road 30 feet. The remaining four are below 25 feet and demand immediate attention. The bridge at Jenkins farm which was in a falling condition is now undergoing repairs and one below Hook's store is under contract. Of the 409 stone culverts, 180 are in good conditions, 152 in need of decided repairs, and 77 valueless for the purpose intended. The tile drains are of recent construction and generally speaking in good condition.

The expensive masonry supporting the road embankment on the Bull Creek end of the Mason and Lewis road, also much of that on Cabin Creek switch has become damaged by water excavation and other causes to proportions of many hundreds of dollars. To replace with funds available this year will be impossible. To repair at points where road bed is endangered will be a necessity.

The immense tonnage passing the entire length of the Mason and Lewis, and Maysville and Mt. Carmel road incident to the lumber traffic of Lewis County and Fleming County to reach railroad facilities for shipping will of itself necessitate repairs on above roads far in excess of normal. Thus you realize that the turnpike system of the district in question has reached a crisis. With bridges falling, masonry crumbling, culverts closed, ditches obliterated, road beds cut through to foundation dirt, quarries unprovided for and a dissatisfied public intensely anxious for the restoration of their roads, I feel it mandatory to ask your honorable board to make available for my district \$5,000 to prosecute the summer work and \$5,000 reserve for fall and early winter.

The above amounts will inadequately supply the urgent needs of the roads but will abridge further deterioration until the levy for next year becomes available. WM. LUTTRELL, May 6th 1899, Supt. E. Div. Road.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

Up-to-date Furnishings!

Wallace's Circus Pronounced One of the Best That Has Ever Exhibited in Maysville.

Those who attended Wallace's Circus Friday pronounced it one of the best that has ever exhibited in Maysville. The performance throughout was clean and first class. The Nelson family have no superiors in their line.

Owing to a delay at Cincinnati, the show was late reaching Maysville, and it was after 1 o'clock before the street parade took place. Had this occurred on time the attendance at the show would have been larger, as many people had tired themselves out standing around waiting for the procession. However, both performances were enjoyed by a large crowd.

GENTRY'S SHOW.

The Professor Will be Here Next Monday With His Famous Dog and Pony Exhibition.

The announcement that Professor Gentry's famous dog and pony show is soon to exhibit in this city has led to numerous inquiries about the details, such as the location of the grounds and prices of admission. The character of the show is so well known that the people will regard the information as news. The show, which it is needless to mention, is the best one of its kind in the world, will exhibit under their own waterproof tents which will be located at the base ball grounds Monday, May 5th, at 2:30 and 8 p. m.

The prices of admission are, children 15 cents, adults 25 cents, and when the magnitude and artistic worth of the show is taken into consideration it will easily be seen that these prices are decidedly reasonable.

FOR BLOOD AND NERVES

The Greatest of All Spring Remedies.
Paine's Celery Compound.

It makes new blood and new nerve tissues.
A few steps to most any neighbor will tell you the plain truth about the amazing results that have followed its use.
Paine's Celery Compound is so far above any other spring medicine in its strengthening, nerve-restoring, blood-making, health-giving, lasting effects that it has no competitor. The old "cures" one by one, in the last few years have dropped by the way, until to-day the sale of Paine's Celery Compound in every civilized country are larger than those of all other spring remedies of all kinds combined.
Paine's Celery Compound is the one spring medicine endorsed by physicians, because it is the only known remedy, that for all run-down conditions of the nerves, brain and tissues, and for purifying the blood (especially in the spring when the body is most amenable to improvement) has never yet failed! In the spring take Paine's Celery Compound.

MASON CIRCUIT COURT.
Wm. C. Miner's Adm'r. Plaintiff.
Against
Bettie B. Smoot, &c. Defendants.
In obedience to a judgment and order of sale of the Mason Circuit Court, rendered in the above mentioned case at the February term, 1899, I shall, on

MONDAY, MAY 15, 1899,

at 2 o'clock p. m., on the premises, proceed to sell at public auction to the highest bidder, on a credit of one, two and three years, the following real property to-wit:

First—All that certain lot or parcel of real estate being situated and fronting on the northeast corner of Second and Sutton streets, in the city of Maysville, county of Mason and State of Kentucky, bounded by a line beginning at the corner of said Second and Sutton streets and running thence up Second street twenty feet and seven inches to the center of the division wall between this lot and the lot of S. N. Meyer; thence with the line of the center of said wall, parallel with Sutton street, back toward the river eighty feet and six inches to the property of Salce, formerly Collins; thence with the line of said property twenty feet and seven inches to Sutton street; thence with the line of Sutton street to the beginning, together with the three-story brick building thereon.

Second—That certain lot or parcel of real estate being situated and fronting twenty-four feet eight inches on the north side of Second street, in the brick row, between Wall and Short streets, in the city of Maysville, county of Mason and State of Kentucky, and running back northwardly the same width to an alley that runs parallel with Second street, together with the buildings thereon.

The purchaser must be prepared to promptly execute bond, with approved security, for the purchase price, which bond shall bear legal interest from day of sale until paid.

J. N. KEHOE, Master Commissioner.
